

1. Training Programme on Utilization of Agrowaste for mushroom cultivation and spawn supply for women self help group (2019)

A training programme on Utilization of Agrowaste for mushroom cultivation and spawn supply for women Self Help Group was organized by the Department of Botany and Biotech Hub, D.K. College, Mirza in 2019. The women were trained regarding the cultivation of mushrooms and supplied spawn material for cultivation in house hold. The programme brought awareness about self employment among the women folk through mushroom cultivation.
